## OUR COMMITMENT

Biplous Uganda (U) Ltd opened in 1983 as a small shop on Kampala Road selling textiles. Since then, we have evolved into a leading manufacturer, expanding into furniture and other products in response to high customer demand. We take pride in our Ugandan roots and source high-quality, local raw materials. Our diverse and adaptable operations enable us to continuously enhance our customer service.

---

# CORPORATE PRINCIPLES

## MISSION

To harness the wealth of East African resources to create furniture that offers comfort and durability for better living spaces through thoughtful design and sustainable production.

## VISION

To become the leading manufacturer of sustainable, high-quality furniture for homes and offices across East Africa, enriching lives with comfort and timeless design.

## CORE VALUES

- Quality
- Innovation
- Sustainability
- Craftsmanship
- Customer focus
- Creativity
- Diversity & Inclusion
- Efficiency

## MILESTONES

1983

Started Kampala road, Textiles and Fabrics.

2005

Started importing furniture.

2012

Opened showroom in bukoto and also started making local furniture.

2015

Opened the workshop in kawempe for local furniture and aluminum.

2022

Opened corporate head office and imported high end machinery.

2024

We revamped our look and feel.

# OUR PRODUCTION PROCESS

At Biplous, we take pride in crafting exceptional furniture that not only looks beautiful but is also built to last. Our meticulous production process ensures quality at every stage, from the wood selection to final delivery.

1

## THE RIGHT START

Wood Selection & Preparation. Our journey begins with carefully selecting wood for the given need.

2

## DESIGN & PRODUCTION

Where expertise meets technology. Our state-of-the-art factory seamlessly blends modern machinery with the expertise of our over 750 artisans

3

## QUALITY CONTROL

Everyday and always. Our meticulous craftsmanship honed over decades guarantees that each piece is to last

4

## DELIVERY

Shipping & Customer care  
We provide delivery services and comprehensive after-sales support to guarantee satisfaction.

## PRODUCTS & SERVICES

Our chairs are designed for optimal support and functionality.

# Projects

We specialize in creating custom-designed spaces with a focus on luxury and quality. Our services include carefully selected lighting solutions to enhance both atmosphere and functionality. We offer ergonomic office furniture for comfort and productivity. Our wall treatments feature premium paints, elegant wallpapers, and modern digital displays that reflect your brand.

---

Our tile installations use durable materials like porcelain and natural stone for long-lasting beauty and practicality. These elements are showcased in our successful projects at Entebbe Airport and Munyonyo Commonwealth Resort, demonstrating our dedication to creating stylish and functional environments.

## LOCAL CONTENT

- **EMPLOYEES**

We create opportunities by employing a diverse workforce, including women, young people, and individuals with special needs in our factories to empower them to improve their livelihoods.

## COMMUNITY

Biplous is dedicated to empowering the communities it serves. Our initiatives aim to support local populations and improve their quality of life directly:

### **Educational Support:**

We contribute to local educational institutions by donating furniture and educational materials. This initiative ensures students have a comfortable and conducive learning environment.

### **Support for Orphanages:**

Our provision of timber offcuts and briquettes for cooking and heating in children's orphanages not only meets their daily needs but also offers a sustainable solution for waste materials.

## NATURE

Biplous is committed to minimizing its environmental footprint and promoting sustainability through various practices:

### **Dust Extraction and Briquette Making:**

Our dust extraction systems collect wood dust and compress it into briquettes, which serve as a clean, sustainable fuel source. This reduces reliance on conventional wood fuel and helps combat deforestation.

### **Reforestation Efforts:**

Our active participation in reforestation projects is part of our commitment to replenishing the natural resources on which our industry depends.

### **Recycling and Waste Reduction:**

We implement recycling programs alongside our briquette production in an effort to achieve zero waste by maximising reuse and recycling of potential waste.

# CLIENTS
